. .

## II. Civilian

 There was no concerted drive to recruit women for industrial work; in fact, the reverse was true. It was rumored that married women would be released from work. Men were once again being placed in positions formerly occupied exclusively by women; i.e., street car attendants, etc.

3.	An acute shortage of meat continued; however, the situatio has been somewhat alleviated in Prague since June 1956 because more frozen meat appeared on the market. There was an acute scarcity of fruit and vegetables, and also a great shortage of petroleum.	n ~
4.	Recently, construction on the "autobahn" across Czecho-slovakia which was initiated by the Germans during the war has continued.	2
6.	Lectures were held in factories and offices concerning procedures to be followed during air raids and concerning anti-atomic defense; also old air raid shelters were being cleaned and readied for emergencies. The lectures were sponsored by Syazarm
